#### **Highlights of Medical Evacuation and Repatriation Benefits**

If you are a student insured with this insurance plan, you and your insured spouse, Domestic Partner and insured minor child(ren) are eligible for Medical Evacuation and Repatriation Benefits.

The requirements to receive these services are as follows:

- International Students, insured spouse, Domestic Partner and insured minor child(ren): you are eligible to receive Medical Evacuation and Repatriation Benefits worldwide, except in your home country.
- Domestic Students, insured spouse or Domestic Partner and insured minor child(ren): you are eligible for Medical Evacuation and Repatriation Benefits when 100 miles or more away from your campus address or 100 miles or more away from your permanent home address or while participating in a Study Abroad program.

Key Assistance Benefits include:

- Emergency Evacuation
- Dispatch of Doctors/Specialists
- Medical Repatriation
- Transportation After Stabilization
- Transportation to Join a Hospitalized Insured Person
- Return of Minor Children
- Repatriation of Remains

Also includes additional assistance services to support your medical needs while away from home or campus. Check your certificate of coverage for details, descriptions and program exclusions and limitations.

The Medical Evacuation and Repatriation Benefits and related services are not meant to be used in lieu of or replace local emergency services such as an ambulance requested through emergency 911 telephone assistance. If the condition is an emergency, you should go immediately to the nearest physician or hospital without delay and then contact the 24-hour Emergency Response Center. UnitedHealthcare Global will then take the appropriate action to assist you and monitor your care until the situation is resolved.

#### **Additional Travel Assistance Services**

Your **Student**Resources program also includes additional assistance services to support a student's needs while away from home or campus.

Some of these assistance services include:

- Medical assistance with needs such as worldwide medical and dental referrals, monitoring of treatment, facilitation of hospital admittance payments, updates to family, school, and home physician, and replacement of corrective lenses and medical devices.
- Travel assistance with needs such as replacement of lost or stolen travel documents, legal referrals, language services, and message transmittals.
- Medical Intelligence Reports: online access to continuous updates on health information pertinent to your destination(s) of travel such as immunizations, vaccinations, regional health concerns, entry and exit requirements, and transportation information; review certain preferred facilities for your travel destinations, review risk ratings for each country and rank the severity of risk concerning disease, quality of care, access to care, and cultural challenges.
- World Watch® Global Security Intelligence: online access to the latest authoritative information and security guidance for over 170 countries and 280 cities. Information includes the latest news, alerts, risk ratings, and a broad array of destination information including crime, terrorism, local hospitals, emergency phone numbers, culture, weather, transportation information, entry and exit requirements, and currency.

To access services please refer to the phone number on your Travel Assistance Services ID card or access My Account and select My Benefits/Additional Benefits/Travel Assistance Services.

All medical expenses related to hospitalization and treatment costs incurred should be submitted to UnitedHealthcare Insurance Company for consideration and are subject to all Policy benefits, provisions, limitations, and exclusions. All assistance and evacuation benefits and related services must be arranged and provided by UnitedHealthcare Global. Claims for reimbursement of services not provided by UnitedHealthcare Global will not be accepted. A full description of the benefits, services, exclusions and limitations may be found in your certificate of coverage.

Assistance services are provided by UnitedHealthcare Global and are not insurance. Please note: you may see a separate fee specifically for these additional assistance services.

To access benefits refer to the phone number on your ID card or log in to **MyAccount.uhcsr.com** and select My Benefits/Additional Benefits/UHC Global Emergency Services.

UnitedHealthcare StudentResources does not discriminate on the basis of race, color, national origin, sex, age, or disability in health programs and activities.

#### Introduction

World Watch® is an all-inclusive intelligence database that contains a vast array of real-time analysis and information of countries and major cities around the globe. The database contains in-depth profiles of more than 130 countries and 340 cities that provide virtually everything a traveler needs to know before visiting an international destination.

World Watch® has been designed to allow users to access information quickly and easily. With World Watch®, users do not have to scan through page after page of information; the system has been set up to allow users to directly access the information that they need. Navigation starts with the Home Page, which is detailed on the following page.

#### **Country Selection**

After logging into World Watch®, users are automatically brought to the main screen. However, the bulk of the World Watch® content is found in the detailed and regularly updated pages dedicated to each country. To select a country, simply click on the **Select a Country** drop-down box on the menu bar and scroll through the country listings until you find the country you wish to select. Once the country has been selected, the screen will automatically refresh and the data will appear on the screen. You can select a different country -- or city using the **Select a City** box -- at any point in the system as the main menu bar is always displayed.

#### Country Menu Bar

Users maneuver through the country information utilizing the menu bar. The section of the system that you are currently in is highlighted with a blue background. The other areas appear with a black or grey background. Clients also have the option to customize the background of their WorldWatch® account, in which case the colors will vary. To shift between the various sections for each country, simply click on the section you wish to access. The system will automatically take you to that section.

The menu bar allows users to access the major sections of each country. Clicking on one of the major sections -- Country Overview, City Overview, Events & Calendar, or Travel Information -- opens up a second menu bar of subtopics related to each major section. See the *World Watch® Topic Areas* section below for detailed descriptions of the segments provided.

**Print Reports** allows users to print all of or certain segments of information found on the system. Simply select the content you wish to include in the report by checking the respective boxes under the *Country Content* and *City Selector* columns and then select the blue button entitled "View Report." The report will then automatically generate and users can choose to print or save the information.

#### Threat Levels

To the left of the menu bar each country's threat level is displayed. If a city is currently selected this area will display the city's threat level and crime level. Please see the following special report for additional information regarding how the threat levels are determined: Special Report – Revised Threat Level System. Please see the following report for additional information regarding how the crime levels are determined: Revised Crime Rate Definitions and City Threat Level Alterations.

Note: A nation's Security Threat Level is not static; the threat level may be raised or lowered at any time due changes in the overall security in that country. Accordingly, it is best to check the Security Threat Level each time you access the system.

#### Recent Events and Facts

Directly below the menu bar is a box providing the most recent security and travel-related events for the country or city selected and a map of the selected location. On the right-hand side of the screen a column of facts provides statistics on the country or city, depending on which is selected. The statistics are updated as new information becomes available. In the case of some countries, especially in underdeveloped nations, certain statistical information is not available or is not relevant.

#### **World Watch® Topic Areas**

The segments are described in the order they appear in the menu bar, from left to right.

#### **Country Overview**

Country Overview provides users with information and security-related intelligence on the national level.

#### **Executive Summary**

Executive Summary provides a thumbnail sketch of the country and includes general background information. The type of information included in this section varies by country, but often includes a political and security summary.

#### **Current Analysis**

Current Analysis is a regularly updated overview of political, economic, and security-related events in that particular nation. It addresses the nation's largest and most pressing issues in an easy-to-read summary format. New developments that affect the nation are incorporated into this section in a timely manner.

#### Security Issues

Security Issues provides users with relevant security-related information for each country. The section begins with a brief overview of the main security issues affecting the country in bullet form, followed by additional detailed information on each security-related concern.

#### **Aviation Issues**

Aviation Issues provides an overview of the airlines operating in the country, as well as aviation-related safety and security concerns.

#### **City Overview**

City information is available for most locations on World Watch®. To choose a city either use the drop down located on the far left of the second menu bar or simply hover over the *City Overview* button and the cities will be displayed.

#### City Background

City Background provides basic background information on the city, as well as a bulleted list of the primary security concerns.

#### Security Issues

Similar to the country Security Issues section, the city section provides users with relevant security-related information for each city, including useful city tips.

#### Airports & Ground Transportation

Airport & Ground Transportation provides general and security-related airport and transportation information for the city. The Transportation sub-section provides users with an overview of available modes of transportation to and from the airport and around the city and also outlines any transportation-related concerns.

#### Maps

The Map segment provides a full-size interactive map of the city selected.

#### **Events & Calendar**

#### Recent Events

Recent Events provides a list of the most recent travel or security-related events on the country selected. New events are added to the database on a daily basis. The section displays events in the country for the past 90 days. To view the events for additional time periods, viewers can utilize the advanced search option discussed above. Once in advanced search mode users can select a date range of their choosing to the left of the screen and narrow their search by choosing a location and/or category.

#### Calendar

This section lists national holidays, religious events and important anniversary dates -- including dates significant to terrorist and insurgent groups -- for the current year.

#### **Travel Information**

#### Customs/Immigration

The Customs/Immigration section includes basic information regarding the nation's visa and passport requirements and/or restrictions, health requirements, entry/departure taxes, and export/import regulations of the selected country.

Note: Because these requirements and regulations are subject to change on very short notice, it is always advisable to check with the embassy of the country you will be visiting prior to your departure.

#### Currency

This section provides an overview of the national currency and other currency-related information.

#### **Communications**

The Communications section offers a detailed description of the nation's telephone and communications system. The section also provides instructions on how to make calls from within the country and to the selected country from abroad.

#### **Diplomatic Contacts**

Diplomatic Contacts provides embassy and consulate contact information for Australia, Canada, China, France, Germany, Mexico, Russia, the United Kingdom and the United States, for the country selected when applicable.

#### **Cultural Information**

Cultural Information provides information on language, useful cultural tips -- including gestures and/or actions that may be considered inappropriate or offensive to residents -- and tips for female travelers.

#### Health and Hospitals

Health and Hospitals outlines the quality of medical care in the selected country by pulling information from UnitedHealthcare's Medical Intelligence database. Created in partnership with Harvard Medical International, this database offers a country-specific, 5-point medical risk rating scale and details on emergency medical services, hospital contacts, medication information, blood supply, healthcare payment, and much more.

#### **Print Reports**

Print Report allows users to print all of or certain segments of information found on the system for the selected country.

Through BetterHelp, a national virtual counseling service, you can get the help you want, the way you want it. Starting on the effective date of your policy, you have access to Psychologists (PhD / PsyD), Marriage and Family therapists (LMFT), Clinical Social Workers (LCSW) and Licensed Professional Counselors (LPC). These professional licensed counselors will be available to you via ongoing text communications, live chat, phone, video or groupinars.

When you first visit the counseling website, you will be asked to register and complete a questionnaire that will request your UHCSR insurance information on your ID card, emergency contacts and your goals for accessing the service. The questionnaire will also ask you for counselor preferences (gender, specialty, etc.) to ensure you are matched with a practitioner that can help you meet your goals. Within 24 hours after completing the questionnaire, you will be contacted by a counselor to schedule an appointment and decide on a communication method that best suits your needs.

As an insured with **Student**Resources, there is no consultation fee for this service. Every communication with a BetterHelp counselor is covered 100% during your policy period.

Insureds must register at <a href="https://www.counseling4students.com">www.counseling4students.com</a> to use BetterHelp services.

Non-insureds can now access BetterHelp, by clicking on "Get Started" and selecting "Registering for paid account".
